

Acceptance & Refusal of Authorisation Policy

Under the National Law and Regulations, early childhood services are required to obtain written authorisation from parents/guardians, and authorised nominees in some circumstances, to ensure that the health, safety, wellbeing and best interests of the child are met.

Brunswick Crèche & Day Nursery aims to provide clear and transparent Policies and Procedures for authorisations. This helps staff and parents understand what is expected of them.

Our centre will ensure we comply with the current Education and Care Services National Regulations, which require parent or guardian authorisation to be provided in matters which include:

- Administration of medication
- Administration of medical treatment, dental treatment, general first aid products and ambulance transportation.
- Excursions including regular outings.
- Incursions.
- Taking of photographs by people who aren't educators
- Water based activities
- Enrolment of children including naming of authorised nominees and persons authorised to consent to medical treatment or trips outside the centre premises

Management will ensure:

- That the centre has an acceptance and refusal authorisation policy in place, which is to be adhered to and maintained by educators at all times.
- Parent/guardians are provided with a copy of all centre policies
- That all staff follow the policies of the centre

- That permission forms for excursions are provided to the parent/guardian or authorised person prior to the excursion (refer to Excursion Policy).
- Attendance records are maintained to account for all children attending the service.
- A written record of all visitors to the service, including time of arrival and departure and reasons for visit is documents
- Where a child requires medication (excluding paracetamol), to be administered by educators/staff, that this is authorised in writing, signed and dated by the parent/guardian or authorised person and included with the child's record. (Refer to Administration of Medication Policy)
- Educators/staff do not administer medication without the authorisation of parent/guardian or authorised person, except in the case of an emergency, including an asthma or anaphylaxis emergency (refer to Administration of Medication Policy, Incident, Injury, Trauma and Illness Policy, Emergency and Evacuation Policy, Asthma and Anaphylaxis Policy).

- Ensure documentation relating to authorisations contains:
 1. the name of the child enrolled in the service;
 2. date;

- 3. signature of the child's parent/guardian and nominated contact person who is on the enrolment form;
- Keep all authorisations relating to children in their enrolment record.

 1. The details of the authorisation
 2. Why the authorisation was refused
 3. Actions taken by the service. For example: if the centre refused an authorised nominee named in the child's enrolment record to collect the child from the centre as they were under the influence of alcohol, what action was taken to ensure that the child was collected. - Follow the policy and procedures of the centre
- Ensure that medication is not administered to a child without the authorisation of a parent/guardian or authorised person, except in the case of an emergency, including and asthma or anaphylaxis emergency (refer to Administration of Medication Policy, Incident, Injury, Trauma and Illness Policy, Emergency and Evacuation Policy, Asthma and anaphylaxis Policy).
- Ensure a child only departs from the centre with a person who is the parent/guardian or authorised person, or with the written authorisation of one of these, except in the case of a medical emergency or an excursion (refer to Delivery and Collection of Children Policy)
- Ensure a child is not taken outside the centre premises on an excursion except with the written authorisation of a parent/guardian or authorised person
- Inform the Approved Provider when a written authorisation does not meet the requirements outlined in the centre policies.
