

Rituals and traditions strengthen our partnership with children, families and community bringing a sense of belonging to our Centre. We believe that celebrations and cultural traditions need to be handled sensitively. The value in educating children, families and Educators are fundamental to our inclusive program. Both the planning and preparation, and the events themselves, can be a satisfying and pleasurable experience.

Incorporating celebrations into children's centres appropriately, can be used to strengthen the partnership with children and families, creating a feeling of belonging and developing a sense of community amongst families, Educators and children.

Celebrations provide an opportunity for children to develop respect for diverse values and beliefs as they learn about practices which are different to their own. To ensure we are providing an inclusive program and environment, it is imperative to recognise the array of celebrations, both religious and worldly, that take place throughout the year in our community and to have an understanding of, and respect for, cultural diversity in our centre.

Management/Nominated Supervisor/Certified Supervisor will ensure:

- To incorporate relevant, culturally based experiences and celebrations in the children's program which address different learning opportunities which include: fostering a sense of belonging and inclusions for every child, family and staff member (EYLF, p.7), increasing children's understanding of, and respect for, diversity and differences (EYLF, p.13), Raising children's self-awareness and confidence, providing for children's holistic development and supporting a positive identity for every child and family (EYLF, p.2)
- Religious celebrations such as Christmas and Easter will be recognised within the Centre and reflected in our programs.
- All cultural celebrations that are significant to our families and relevant to our broader community are implemented within the centre
- Families are aware of the Celebration Policy during their orientation process and kept updated throughout the year via centre correspondence.
- If a cake is required for a child's birthday it is recommended that an ice cream cake be provided as this reduces the major allergy risks associated with most other cakes.
- Families discuss cake options with educators prior to the celebration
- Families are reminded of the allergies in the centre prior to any celebrations
- Educators are aware and make alternate arrangements if families would prefer that their child does NOT participate in such celebrations.
- If this is the case we will respect the rights and feelings of this child and will provide an alternative experience for them to participate in so that they do not feel that they are being left out.
- Encourage families to be involved in the preparation and/or the celebration in the Centre
- Educators remain current with the professional knowledge and skills that support planning for and engaging in culturally inclusive practice

Educators will:

- Ensure the use of candles is carried out with the children's safety in mind and fully supervised.
- Ensure the child celebrating their birthday has a separate piece of cake (with a candle, if they wish) and the large cake that can be cut and shared with the other children
- Be aware of cultural tokenism and stereotyping
- Encourage and supporting family members to be involved in sharing their customs and celebrations with your centre
- Ensure children have the agency to make choices about the celebrations they would like to participate in
- Engage families to give advice on customs
- Ensure that children have the resources and time necessary to be able to celebrate effectively

- Provide young children and toddlers with materials which reflect a significant event or celebration which they have recently participated in.
- Ensure that families who do not wish to be involved in celebrations have an option to not participate
- Balance family values about receiving gifts and products from their children and Educators values about avoiding product based activities by developing creative and meaningful gifts for families
- Notify the community about the celebration e.g. taking photos to display on the centre notice board, or displaying children's artwork and drawings about the celebration
- Provide opportunities for children to participate in 'open ended' celebration activities
- Provide a flexible program which enables children to have agency about the activities which they participate in
- Celebrate traditions and customs relevant to children and community
- Ensure that the same amount of time and energy is dedicated to ALL celebrations
- Invite Educators and families to share their own personal experiences of celebrations
- Ensure resources such as picture story books, images and music are reflective of contemporary celebrations which children can relate.
- Be respectful of all religions and cultural backgrounds.

Date Implemented: 16/04/2012

Review Completed: 05/03/2019

Schedule for Review: 05/03/2020

National Quality Standard – NQS		
Quality Area 1: Educational Program and Practice		
1.1.1	Approved Learning Framework	Curriculum decision making contributes to each child's learning and development outcomes in relation to their identity, connection with community, wellbeing, confidence as learners and effectiveness as communicators.
Quality Area 2: Children's Health and Safety		
2.1	Health	Each child's health and physical activity is supported and promoted.
2.1.3	Healthy Lifestyles	Healthy eating and physical activity are promoted and appropriate for each child.
Quality Area 6: Partnership with families		
6.1.2	Parent Views are Respected	The expertise, culture, values and beliefs of families are respected and families share in decision-making about their child's learning and wellbeing
Early Years Learning Framework		
Learning Outcome 2 - Children are connected with and contribute to their world		
2.1	Children respond to diversity with respect	
2.2	Children take increasing responsibility for their own health and physical wellbeing	
Learning Outcome 3: Children have a strong sense of identity		
3.2	Children take increasing responsibility for their own health and physical wellbeing
